

Sponsor a student experience and help support the future of cereal grain science.

AACCI International is focused on providing the best opportunities for our emerging cereal scientists. We are seeking your organization's support to help ensure a highly valuable and inspiring experience for these up-and-coming faces of the future. Below is a list of student experiences available for sponsorship.

- **AACCI Student Travel Awards**—This AACCI program supports and promotes student participation in AACCI by awarding student members who are giving an oral or poster presentation at the annual meeting with travel support to ensure their participation.
- **Best Student Research Paper Competition**—This unique competition challenges students to demonstrate superior presentation skills and present top research. It also offers students the opportunity to interact with professionals in the AACCI community at an early stage in their career.
- **Student Product Development Competition**—One of the best opportunities for students to apply the knowledge and skills acquired in school to create new food products professionally and intelligently in the real business world. This competition is designed to encourage innovative thinking in the cereal science area, expose students to a real-world situation, and promote the connection between academic research and industrial production.
- **Student Research Leadership Program**—AACCI is focused on promoting enhanced student participation within the organization. This program is designed to provide funds to facilitate research in key areas of interest that will have an immediate impact on cereal science through method development.

Please join us in enhancing these incredible opportunities for our student members. Indicate your level of support to ensure your organization is listed as a student experience sponsor in all AACCI materials.

AACCI 2017 Student Experience Sponsorship Form

Company Name _____
