For E. Tomalsquim, read E. Tolmasquim; for Instuito, read Instituto.

Cereal Chemistry

EDITORIAL POLICY

CEREAL CHEMISTRY publishes scientific papers dealing with raw materials, processes, or products of the cereal, oil seeds, pulse, and related industries, or with analytical procedures, technological tests, or fundamental research related thereto. Papers must be based on original investigations, not previously described elsewhere, which make a definite contribution to existing knowledge.

CEREAL CHEMISTRY gives preference to suitable papers presented at the Annual Meetings of the American Association of Cereal Chemists, or submitted directly by members of the Association. When space permits, papers are accepted from other scientists throughout the world.

The papers must be written in English and must be clear, concise, and styled for CEREAL CHEMISTRY, according to any recent issue.

Mailing directions: Send manuscripts, corrected proof, and ALL correspondence to:
American Association of Cereal Chemists
1955 University Ave.
St. Paul, Minn. 55104

Manuscripts of published papers will be kept on file for one year. After that time they will be destroyed unless other instructions have been received from the author. Original graphs, etc., and negatives of all illustrations are returned to the author after publication.
