## Welcome from the Program Chair

The Annual Meeting Program Planning Team is pleased to invite you to join us September 21–24 at this year's meeting in Honolulu, Hawaii. Honolulu's central geographic location in the Pacific Rim is expected to draw additional international attendees to give this meeting a distinct, global perspective. We will have more symposia sessions than ever before, more than 350 oral technical presentations, and relevant exhibits featuring the industry's top suppliers. Plus, we've added two special pre-meeting workshops of broad interest to our members. Meet with grain-based food industry experts and

world-renowned scientists during our technical program and at social gatherings. Get to know others in a setting large enough to draw the best in our field, but small enough so you can mix and mingle with the experts.

The annual meeting features an outstanding program on topics such as current and future applications of biotech crops; the dynamics of health and wellness; the genetic basis of cereal quality; diversity of whole grains including relationships to cultural diversity; high-tech approaches to food analysis, food safety, food quality, and more.

#### Additional highlights for the 2008 meeting:

##### *New for 2008*

**New Schedule.** New exhibit times make it easier for you to connect with leading industry suppliers relevant to your needs.

**Global Perspective.** The central and affordable Hawaiian location is expected to attract attendees from around the world.

**Pre-Meeting Workshops.** Two pre-meeting workshops on Sunday, September 21, focus on:

- Dynamics of Health and Wellness: Emerging Trends with a Focus on Grains as a Source of Functional Foods; and
- Opportunities for Experienced Professionals: Utilizing Your Years of Experience in the Most Effective Manner.

##### *Meeting Highlights*

**Grand Opening Exhibition.** Enjoy light appetizers while visiting with over 100 of the industry's leading suppliers.

**Opening General Session and Awards Ceremony.** Join your colleagues for a light breakfast, AACC International update, and presentation of awards at 8:00 a.m. on Monday.

**Most Extensive Technical Program to Date.** The largest ever technical contributions to symposia by industry experts from around the world. More than 250 poster and 100 oral presentations will address the latest scientific research.

**Technical Committee Meetings.** Don't miss your chance to join with fellow scientists in 20 interest areas who are collaborating to improve laboratory accuracy and build the next generation *AACC Intl. Approved Methods of Analysis*. Refer to the daily schedule for specific committee meeting times on Sunday afternoon and Tuesday and Wednesday mornings. It is an excellent opportunity to connect with your colleagues in a small group setting.

**Returning! Beer and Poster Sessions.** Speak with poster authors and colleagues about the latest research.

**Returning! Supplier Innovation Sessions.** See the newest innovations from the industry's top suppliers.

Your Program Planning Team looks forward to seeing you in Honolulu in September!

Sincerely,

Jonathan W. DeVries  
Program Chair

## Sunday Highlights

### New! Cruise, Don't Snooze Foundation Event

Sunday, September 21 • 5:30 – 7:45 a.m.

Fee: \$80 per person

Courtesy of Makani

The AACC International Foundation invites you to Cruise, Don't Snooze to take part in its first Party for a Purpose. This luxury sailing adventure will have you skimming across the Waikiki coastline at sunrise on a 65-foot world-class catamaran while you enjoy a light breakfast and the fact that you are contributing to the Foundation scholarship program. The sailing company recommends that you be moderately fit without physical challenges to participate in this event. Register early for this

once-in-a-lifetime event as space is limited. Check #4 on the registration form.

### Pre-Meeting Workshops

#### Dynamics of Health and Wellness: Emerging Trends with a Focus on Grains as a Source of Functional Foods

1:00 – 4:00 p.m.

Workshop Fee: \$25

Five distinguished subject matter experts will discuss health and wellness as the most powerful motivators for ingredient and product development in today's food industry. In addition, an open panel discussion on functional foods will follow and allow attendees to delve deeper into the topic of bridging the gap between technology and the biological sciences. The workshop will also include a functional food display.

The grain industry is progressively moving beyond basic nutrition into the development of food for health and natural health products. This requires a new generation of grains that contain bioactive compounds with demonstrated therapeutic and disease-prevention properties. This workshop will focus on a variety of bioactive compounds in grains such as dietary fiber, antioxidants, and anthocyanins and their roles in human health and nutrition. In addition to grains, emerging product trends that leverage the health benefits of fruits and vegetables as well as the wellness benefits of food ingredients such as wine, chocolate, and coffee will be addressed with application to the grain industry. The latest consumer perceptions regarding ingredients in commercial food products will also be discussed. Check #2 on the registration form.

### Opportunities for the Experienced Professional

2:00 – 4:00 p.m.

The retirement years for baby boomers are here and expertise is walking out the door. Now that you've dedicated your career to this science, how do you create a successful transition into retirement?

Learn how companies are retaining the expertise and accumulated experience of baby boomers while still allowing them to have a meaningful retirement. Discover how to become a part-time consultant in the science and technical industries or find rewarding mentoring programs and academic opportunities. This workshop will focus on navigating a successful path from a career you love to a retirement you love. Additional topics such as pensions, social security, and investments will be discussed. *There is no fee for this workshop but preregistration is required. Check #3 on the registration form.*

### Exhibitor Welcome

3:00 – 3:30 p.m.

All exhibitors are invited and welcome! Come for a combined reception/presentation offering an information-packed overview of the meeting and strategies to fully benefit from the meeting. Enjoy light refreshments, network with peers, meet exhibit advisory board members and staff, view attendee demographics, and get tips from experienced exhibitors to kick off the first exhibit session.

### Grand Opening Exhibition

4:00 – 7:00 p.m.

Kick-off the 2008 annual meeting at the Grand Opening Exhibition! Greet old friends, make new acquaintances, and visit with more than 100 of the industry's leading suppliers during this casual and festive event. Light appetizers will be served.

“If you're thinking about retirement, or if your company is concerned about losing its experts to retirement, this workshop is for you. Pensions, social security status, opportunities for mentoring, volunteering, and consulting will all be covered by leading industry experts.”

– Barb Beckman, YourEncore—General Mills, Inc.

## Monday Highlights

### Mentoring Kick-Off Event

7:00 – 8:00 a.m.

Join other mentors and protégés during the Professional Development Panel's 2008 Mentoring Program Event. Mentors and protégés will be given the time to meet and interact with one another and are invited to attend the Opening General Session together. You can apply to be a protégé or mentor through July 1, 2008; program participants will be sent information about the person with whom they've been matched in August. Visit [www.aaccnet.org/membership/mentor/](http://www.aaccnet.org/membership/mentor/) or contact Bill Atwell, mentoring program chair, at [bill\\_atwell@cargill.com](mailto:bill_atwell@cargill.com), or Karen Deuschle, [kdeuschle@scisoc.org](mailto:kdeuschle@scisoc.org), for more information on how to become a mentor or protégé.

### Opening General Session and Awards Ceremony

8:00 – 9:00 a.m.

Join fellow attendees for a light breakfast and update on what your association is doing to further the advancement of grain science. A special part of the session will be honoring AACC International members who have made significant contributions to the field of grain science through their talent and vision. Attend and see who will be given AACC International's highest honor, the William F. Geddes Memorial Award.

### Student Product Development Competition

*Presentations: 10:00 a.m. – 1:00 p.m.*

*Posters: 1:00 – 5:00 p.m.*

The Student Division Product Development Competition is a student-run competition sponsored by industry members. Aimed at bringing together students and professionals via an exciting and challenging venture, students form teams to develop a new product containing at least one major grain ingredient. Five teams are invited to participate during the annual meeting, and cash prizes are awarded. All meeting attendees are invited to watch these future grain scientists compete. To sponsor this event contact co-chair Bhima Geera at [bheemi007@yahoo.com](mailto:bheemi007@yahoo.com).

### Exhibits with Beer and Poster Presentation Session

3:30 – 5:30 p.m.

**New Exhibit Time!** Grab a beer and visit with industry suppliers at their exhibits, talk with poster authors, and shop at the Marketplace.

### Young Professionals Event

4:15 – 5:30 p.m.

Stop by for some lively conversation after the day's technical sessions and chat with other young professionals and association leaders about the latest hot topics or set up a dinner engagement with fellow attendees. Anyone 35 years and younger or those who would like to network with this group are invited to attend. This event is sponsored by the Joseph Warthesen Young Professional Endowment Fund. This event is free. However, *please check #12 on the registration form so AACC International can plan for your attendance.*

“AACC International is the best show we attend... The content of the show is well thought out and people are there to learn and for business.”

– 2007 AACC Intl. Meeting Attendee

### International Member Forum

4:15 – 5:30 p.m.

All AACC International meeting attendees are invited and encouraged to attend the International Member Forum (IMF). This meeting is open to anyone interested and meets only once a year during the annual meeting. The Forum's directive is to seek ideas and comments from members outside the United States and provide input and feedback to the International Executive Council. Activities and plans of the international sections will also be reported to the IMF. *Preregistration is not required.* Join us to provide ideas or just to listen.
